# Miriyala SaiKiran

**Contact** : +91 8121388820 **Email**: ramakrishnamiriyala1977@gmail.com -- Visakhapatnam , India

**LinkedIn:** https://www.linkedin.com/in/miriyalasaikiran/

## EDUCATION

**Vignan's institute of information technology** **Duvvada , Visakhapatnam**

B .Tech and Computer Science CGPA: 9.18 Aug 2024 – June 2028

## TECHNICAL SKILLS

**Languages** : Java , JavaScript

**Frontend** : React.js , HTML , CSS

**Backend** : Node.js

**Database :** MySQL

**Tools :** Git , GitHub , VS code , Cursor

## PROJECTS / Practical Experience

### Blood connect:

- Developed a full stack web application using React.js and MySQL to connect users, hospitals, and blood banks for blood request and allocation.
- Implemented **secure authentication and role-based access using Supabase Auth**, managing user login, registration, and authorization.
- Designed and managed **cloud database schema in Supabase** to store blood inventory, donor records, and request data with efficient retrieval.
- Integrated **RESTful APIs and backend logic** to enable real-time blood availability tracking and scalable system architecture.

### Smart Crop Advisory System – Crop Recommendation Web Application :

- Built a web-based crop recommendation system using React.js, Node.js, and MySQL to suggest suitable crops based on soil type, weather, and seasonal conditions.
- Designed and managed **database schema** to store soil parameters, crop data, and environmental conditions for accurate recommendations.
- Improved decision-making for farmers by providing **data-driven crop recommendations to maximize yield and resource efficiency**.
